

Exercise 1: Determine CIDR Notation

- Convert 255.255.255.0 to CIDR notation (e.g., /24).
- Convert 255.255.255.192 to CIDR notation

Exercise 2: Identify Subnet Address Range

- Your computer has an IP address of 92.168.1.25/26
- What is the range of IP addresses included in your subnet?
- What is the broadcast address?
- What is the network address?
- How many usable addresses are in this network?
